Who we are:

The PA Foundation is a nonprofit 501(c)(3) organization dedicated to empowering PAs to improve health through philanthropy and service. Our programs and initiatives support PAs' community service efforts to improve health among underserved populations here in the United States and globally. We also support PA students through a long-standing scholarship program. In addition, the PA Foundation works to develop patient education programs on healthcare topics addressing some of our nation's top health concerns. We're empowering PAs with a passion for improving patient health in a complex healthcare environment.
